Jose Vigo

Frontend Web Developer

phone: +53 5 6444056
gmail: josevigodev@gmail.com
portfolio: https://josevigodev.github.io/personal-portfolio-web/

Solid frontend knowledge of **React**, **JavaScript ES6+**, **TypeScript**, **HTML5** and **CSS3**. Strong understanding of **responsive design principles**, **UI/UX**, advance CSS (**CSS Modules**, **Tailwind CSS**). Experience with additional JavaScript **frameworks** or **libraries**. Experience with **React Testing Library** for UI and interaction testing and **Cypress** for **E2E** testing. Use of **Git** for version control and **Github** for remote repositories storage. Positive attitude, strong work ethic, a drive for results while focusing on high code quality and performance.

Job Hunt Organizer

- Application that helps you organize your job search process using a clean and interactive Kanban board.
- Made with **React** + **Vite**, **TypeScript** and **CSS Modules**.
- State management with **Context**.
- You can add jobs, group them by status and move them between columns with **drag & drop API**.
- All data is saved locally using **localStorage API**.
- Includes **end-to-end** tests using **Cypress** to validate the core user journey.

ModMania – Landing Page

- A modern and visually immersive landing page for a fictional company that specializes in console modding.
- Built with performance, interaction and component-based in mind with **React** + **Vite** and **JavaScript**.
- Leverages smooth scroll animations and stylish visual elements made with **Tailwind CSS** and **GSAP**.
- Uses **React Testing Library** to test critical UI behavior.

Smart Expense Tracker

- Application designed to help users efficiently track, categorize, analyze their expenses.
- Made with **React** + **Vite**, **JavaScript** and **CSS**.
- Visualize expenses with chart (using **Recharts**).
- State management with **Context**.
- Add, edit, delete, filter and print expenses.
- All data is saved locally using **localStorage API**.

Education

Self-taught with 50+ Courses of Completion | Online | 2024 - Present
Graduated with Gold Diploma from IPVCE Luis Urquiza Jorge | 2022
